z310xC4pRoXi usually play "go outside and chill with girls"... that's a good game.

Ditto

I used to play that game, but I lost it about seven years ago when I said "I do"

GizbotvasI have a soft spot in my heart for well written games, even if the graphics are from a Commodore64. The all-text version of Leather Goddess of Phobos? Yeah, I played that.

I don't know that I could go back to all-text, but I'd like to try some of the early (2D) games I played again sometime. I have fond memories of tolling over a puzzle on "Kings Quest", or trying to make that #@!#@! jump on "Prince of Persia"

WalrusTime splitters2, and Deus Ex. A bit of duke nukem on the gba.

Deus Ex is one of my all time favorites. Right up there with Giants, MSG & MSG2, NOLF, and of course C&C Tiberian Dawn

TaximesThe ROTK PC Demo has also taken hold of me due to my LOTR fanaticism.

I've been wondering if that is going to be any good. I'm a fan myself, and though I got aggravated a lot with The Two Towers on PS2, I did manage to finish it and unlock everything. It was just a little more faster paced than I prefer.

John Shaft Jr.For my PC, well right now I'm sucked into playing "EA's NFL Madden 2004" on PC. Also play "EA's MVP Baseball 2003" Online Multiplayer. I have a good record with the Cubs in that one.

I also gotten back to play Starcraft and the Expansion Pack Brood War. I forgot how much i missed playing that game.

For my Nintendo Gamecube, been playing alot of Soul Calibur II. I love playing with Link. Link always been my favorite character since the Nintendo days. I love facing my friends. I always kick their asses.

For PS2, I went back to play Resident Evil. I just love playing that game. Only game that ever scared the shit out of me while playing. Only game I play with the lights on. I also bought Soul Calibur II for PS2. I play that also. getting back to playing SOCOM: Navy SEALs online again. Also went back to playing MGS 2: Sons of Liberty, just to make fun of Raiden.

And for arcade, yes I went back to play arcades at the local arcade.

Thats pretty much it. Now I'm off to the Arcade to see how I fair again.

Damn Shaft, I only have to work four days a week and I wouldn't have time to do that much gaming I'm going to go apply to UPS
