snipefragAs for Sjezk he doesnt use cheats, and Neither Does ThinkHarder and as for trying to ruin there reputation its cheap and unfair and i would go as far as to say you are abbusing your power...

It would be like me in Planetside doing a global broadcast to slag off another player without any real proof, someone got banned for this the other week i wish the people in power here would ban you then maybe the renegade community would be able to pick up the pieces and move on.

Umm.. go back and actually READ the posts in this thread. Proof HAS been provided that sjezk3 does cheat. With others backing the logs up with other recorded information.
