In your opinion, that is. If we're going to talk about personalities, lets not forget that you refuse to return to #n00bstories because I'm still a SOp in there - your whining tirade failed. Shows how much you respect anyone when you don't get your way.

If only you knew...Again, you're off thinking it's all about you. I left that place you call a network, because I didn't like the way things were run...I could care less about you, considering that the almighty owner of this place decided to make you her bitch anyway. Oh, and the constant attacks and threats were fun, too...

I'm so sorry I left an IRC channel based on a site dedicated to whining about the actions of others  
:rolleyes:
