In your opinion, that is. If we're going to talk about personalities, lets not forget that you refuse to return to #n00bstories because I'm still a SOP in there - your whining tirade failed. Shows how much you respect anyone when you don't get your way.

If only you knew...Again, you're off thinking it's all about you. I left that place you call a network, because I didn't like the way things were run...I could care less about you, considering that the almighty owner of this place decided to make you her bitch anyway. Oh, and the constant attacks and threats were fun, too...

I'm so sorry I left an IRC channel based on a site dedicated to whining about the actions of others
:rolleyes:

Yeah, that's rich. We had an agreement when we linked servers that no one would /kill anyone who was only in the channel of another server owner. Meaning people only in #n00bstories couldn't be killed by Black Cell folks, and we n00bstories IRCops wouldn't kill people who weren't in our channels... all that thrown out the window when someone is abusing network rules. You guys continually refused to give me the same respect I gave you. I never once killed anyone on your servers. And yet you killed members of my channel who weren't on your servers or in your channels. You broke your side of the bargain. When you said you wanted to de-link, it was good riddance to bad rubbish.

Yes, I am the "almighty owner of this place". As I said before, you guys are god in your server, I'm god(dess) in mine. It's very simple. I (and Blazer and djlaptop) pay for the n00bstories server and bandwidth. I do my damndest to make the site and other services a fun place to stay... a fun place to visit and visit often.

I love how you all fall back on "OMG your site makes fun of others!" -- it's so old. You ever hear of "America's Funniest Home Videos"? That was half an hour every week of people fucking up on tape. How many videos circulate the internet when someone fucks up? Guess what? It's human nature to laugh at other people's mistakes. It's also human nature to want to vent when someone pisses you off when you're trying to play a game. That's the goal of the site.

Anyone who says "OMG your site makes fun of others" is just trying to make themselves look all high and noble. Why don't you also say:

I help old ladies cross the street!
I volunteer 40 hours a week in a nursing home reading books to the elderly!
I spent 20 hours a week cleaning up trash at the park!

You're no saint.

If you think the attacks against my server were my fault, then you're an even bigger moron than I

thought... I didn't think it was possible to be dumber than a rock.
