1. These forums aren't dying.
 2. These forums are the official Renegade forums, and will not "switch" to another game, regardless if anyones votes or not.
 3. I still like Renegade, and suspect I will for a long, long time. If you want to bow out and go play HALO or something else with pretty graphics and zero teamwork and community for a month before you bore of it, then by all means go ahead, but please stop making all these "Renegade is dead" posts.
