Duke of NukesCrimsonWhen you grow up and get a job in the real world, you'll find that when you get fired, you're escorted out the door immediately, you don't get 24 hours to stick around.

usually you get to finish the week out, but I guess they must have been sick of your upity little bitch attitude and wanted to get rid of you ASAP

No, if you ever get a real job, you'll know. When I worked for Charles Schwab, if you even quit to go work with a competitor, they'd pay you the rest of the pay period and send you out the door immediately. If you're fired for a bad reason, they don't let you stay either. I've never heard anyone get fired and then allowed to stay the week. It would be stupid of anyone to expect a fired employee to still perform their job satisfactorily and not hurt or break anything.

1000 hits daily is nothing, my good man. Just yesterday (the 22nd), the n00bstories.com domain received 82,797 hits from 4,026 unique IPs. That doesn't count these forums which I calculate separately. I also helped develop and run another site which I helped start when I was 20 with slightly less traffic than n00bstories.com. 1000 hits daily is nothing.

Yeah, that's what I thought.
