Worldl33tl thought that the place needed a topic like this.

My idea. We collect all the IP's of the n00bs. And then we round them up and march them into a giant meat grinder and feed them to 3rd world countries.

Why am I making this topic? Because for the 5th time in a row playing renegade someone has decided the best thing in the world to do would be to take all the proximity mines and throw them up against their humvee and to hell with their base. They have "Bomb trucks" To drive!

Things that would make this forum more n00b-proof: Ban FCdrazen if he comes here and starts acting like "Normal"

Don't knock hummer bombing!
