Taximes1. To whoever said ETM was after Reloaded: It wasn't, the game and the movie coincided. IE - In the game, you blow up the power plant. In the movie, you see the power plant blown up. Part of the game may have gone slightly past where the movie ended though, I don't recall. I do agree that the oracle is back in her apartment, though.

The particular scene I sited took place after Reloaded.

And one more idea just to throw out there (before the movie is released later today) that I think will be explored: Hope. The architect made such a big deal of "hope," where it was previously referred to as "faith." That HAS to be deliberate, so perhaps some of the philosophy will concern hope vs. faith. Neo has hope. Morpheus has faith. Faith is hope without action, therefore, Morpheus can be controlled via the system of "the one", but Neo can't.

Bah, I have tickets to the first showing this morning. I won't post anything more about the movie until I've seen it.
