WHOA!!!

Hold your horses!

Give it a year or two (better give it 3 actually).

Just alot of hype about it.

I still need to try the new version of RenAlert.....

Best maps are:

-All westwood maps

-C&C_Conquest_Winter

-C&C_Glacier_Flying (I don't get a great FPS in it, but it plays as well as City_Flying)

Sorry, ACK. I just realised now that Glacier and BasinTS were the only maps of yours that I've tried!

LOL

I didn't realise you had so many.
