EpyonYou have to admit you liked DBZ at one time, who hasent(its gotten rather lame now with them trying to be funny too much)?. Otherwise, most of it is lame shit like Pokemon (Its Java's favorite so shhh) and that stuff.

Um, how about no...

A friend told me about dbz on the cartoon channel a few years ago, so I turn it on when it comes to that time, sat through the opening, watched 1 or 2 minutes, than got tired of the lame crap that is anime. The best part about it was, the commercials... And the credits at the end, you know, so you know you've finally wasted 30 minutes of your life. Didn't want to waste that much time, when I could have been doing more productive and fun stuff, like watching mold grow on this one corner on the sink in my bathroom.

lol...

Oh, sorry for being so dramatic...

Nothing against those that watch it though...
