DarkDeminl own and XT and I love it... Alienware... I changed the vid card in it cuz it stopped working 2 days after the service plan expired on it it fried :rolleyes: Typical Service plan

Alienware...You lucky bastard. Post some pics of your rig. I just drool over Alienwares.

Yano, those Quadro's are so crazy. They do cost a pretty penny though. ATi's line of professional cards are powerful and expensive as hell to. ATi FireGL
