Well for some reason one of the skins I downloaded came with that blue sniper rifle skin. I'm too lazy to look for the file and remove it, so I'm keeping the blueness because of my lazyness. Although I do use the m4 rifle model, Halo gun rifle for 150 sydney that I got before CnCammo went down, the pistol made by Srean before CnC Ammo went down, the shotgun made by Srean before CnC Ammo went down, and lets see...rifle, pistol, sniper rifle, shotgun,....oh yeah the rest of the skins have a gray tint from the old skin pack known as the "Elite weapons" from CnC Ammo or Renegade Realm forgot which one. Other then that I am using some other character skins from CnC Ammo, RenRealm, and one from C4Kitty.
