Kawolsky, STFU, show me some of your work you retarded fuck brain.

I ran Warpath and skinned 90% of whatever you saw, now I am working on a project to which I am skinning 100% of things, and when u see this project I hope someone puts a fucking metal plate around your big mouth.

something like that happen, Do Not make it happen again.

Leave Psychoarmy alone to, he can do so much more than you could even ever imagine.
