Quote: You just can't export directly from gmax to 3dsmax.
actually u can. with the W3D Importer, u just export out of gmax into a .w3d then in 3dsmax use the importer to import the .w3d file. i used do that all the time.

i think i got mine here:

<http://gendev.origin-network.net/pafiledb.php?action=file&id=12>

or

<http://gendev.origin-network.net/pafiledb.php?action=file&id=11>
