I am going insane here.. I am on mission three, I just destroyed the power plant, and destroyed the hand of nod... now where do I go??? I have been all over the map back and forth from the beginning to the hand of nod building for 4 hours now! I read a walkthrough that says get on the roof of the hand of nod building... Well there is a door in this building that doesnt open, all the others doors in the hand of nod building I have opened and none got me to the roof..

Anyone here able to hint me in the right direction so I can get to this airplane and the scientists?  
Thanks in advance.
