DaveGMM, you won, I fucking give up.

I can't count on anybody anymore, I put my trust on some people, but never get what I want, so how do I end up? Like an idiot.

I'm a politician, a sad politician, So many promises, but can't bring shit, so many people were counting on my for the MMN...

I'm crying right now, why? I'm about to leave 1 year of history behind me, I enjoyed been here, but it'd be a shame to stay, what else can I say? It was an adventure, but it was also the worse failure I've encoutered.

Farewell brothers and sisters, this trip got me tired.

I'll be taking a break to think of my future, bad or not.

I just can't take it anymore...I need a rest...Can't trust anybody in this world.

*EDIT: After watching some humor movies (always good) I've decided to stay, but seriously...I'm still pissed.
