Since when was this forum filled with topics whining about since when the game was filled with whiners?

I couldn't resist... Seriously though I haven't seen it around but do any of you remember the Men of God Servers? You'd be like "Ok I'll go this way, you assist that APC." and it's all "Y00 are kicked" and everyone would complain because theyre auto kick would look for words in a word. So then there'd be all these people looking for trouble with a thesaurus and saying like "I want to circumspect the enemy" and get kicked and whine.
