show that character in a stance, this process however does work in Single Player, Maybe you have seen a video where havoc enters a dune buggy.

Cebt modelled a gun for us and may help out in the future.

to the defences, we will see how it goes.

Backstage however things are propping up nicely, ive successfully modelled and skinned 4 new weapons, 1 new vehicle and we got another map on the go which ill reveal nearer its completion

Thanks for the support!
