Well today I was playing in FoDsvr01 the map is Field and this me, a deadeye, is going at it with a Sakura. I'm on the outside of the tunnels were the watrefall is and the Sakura is jumping back and forth in the tunnel. Well as the yjump I fire and I some how hit a cloaked sbh right in the head. It was friggin great. I even took aside the time to tell the Sakura they got a cloaked sbh killed.

This was from the IRC channel.
