I have opened a new site and forum, its really just an off topic place but I'll be adding misc stuff and a nice flamewar forum, a place to let out what ever you want and will be unmoderated(Of course stuff that could get me in trouble will be taken out)

<http://www.nothinghq.com> -Main site

<http://www.nothinghq.com/forum> -Forum

I will be in need of some moderators as well, so send me a PM.
