C4minerYeah, it's probably Javafx on a different login making a n00bstory about himself as a joke, but it would still be funny if recited.

I have not been home all day. Therefore, and because it is not registered to my IP address, it cannot be me. I have been lounging around at a friend's house watching terrible B movies, eating SmartFood, and making hainous cracks at various people on the streets.

Although I'd like to know who did it, I'm sure I have a picture or two laying around with his name saying "JAVAXXXX HAXXX".
