I never said I was good, but I said that they were good. I'm a very learned player as people on BC would know cuz i was in their clan for a while untill i left. I'm willing to bet money i was the worse player on there, yet me and a friend can hold off a cheat N his friend in a 2 on 2 clanner (some sort of glitch where only the host could use tanks w/o lots of effort). We were bout 50 pts behind cuz we'd had to repair alot and i was bout to go kill their refine when we finally said the hell with it.
