
Subject: adding commands

Posted by [snipesimo](#) on Sat, 31 Jan 2004 18:02:36 GMT

[View Forum Message](#) <> [Reply to Message](#)

```
on *:TEXT:*!showmods:#:if ($len($1) <= 10) && ($nick == botname) {
if ($strip($2) == !showmods) && ($3 == $null) {
msg $chan !page $remove($strip($1), There are currently no moderators online.
}
}
```

That should do the trick, just be sure to enter the bot name
