Llama Man 451also java i work at the NC clinic of mental health, and i am the head honcho that runs everything there basically i am the boss, envy bitches cuz i know you do. i coordinate every patients medicine make sure they get, etc. etc.

I personally find it very hard to believe that someone of your obvious attitude and obvious lack of intellect could possibly be a "head honcho" in a medical facility. It wouldn't be a far cry to assume that you're just saying that to cover up for your other account, or you're just copying the medical career of mommy or daddy.
