You're telling me to keep my opinions to myself, while expressing your own, at the same time? Contradictive AND ignorant...

I have every right to express my opinions on these forums. If you have a problem with that, I suggest you not visit them. Or use the ignore function... Though it seems you used that on your intelligence for that post.

Guess what, though? The weapon, health, and armor spawners have nothing to do with me. I didn't place them. I've stated this before. NeoSaber did - he doesn't have much experience with multiplayer deathmatch. With that said, it's being fixed for the 0.993 patch, along with additional deathmatch levels.
