I was just doing the job that you inspired me to do..

Make sure anyone in the community that thinks you're an asshole doesn't feel they're the only one.

My post was a specific reply to his "you guys fucking suck" comment. I didn't want him to feel that the WHOLE community was full of assholes, there were just a small handful of 1 or, I dunno.. 1 person that would treat him that way.

I didn't want him to get discouraged or anything because of one person..
