Squiddleyl have two nieces who are mentally retarded to various degrees, and have worked with Down's syndrome kids for many years. I find the picture amusing due to the wording, not the subject matter. It's also very relevant. Nothing to do with maturity or lack of it. People can take offense at anything and everything under the sun, so you can't please all the people, all the time.

I don't intend to remove it from the sig, but out of respect for K9 won't use it for this post.

Thank you.

Thoughts and memories are still very fresh in my mind. I didn't realize how much so until this post. Like I said, "I won't force the issue". It is something that I need to come to terms with yet.

Again,

Thanks.

K9
