msgtpainSorry, I guess I wasn't aware that friendships were created by asking someone 100 times in private to stop doing what they were doing. Maybe if he would have listened a couple of those times, a friendship could have grown. But it was more of a "relationship" where I knew that in about a week or two, I was going to have to PM him and ask him to stop again.

Surely you can't say you only spoke to him via PM, and only to tell him to stop what he's doing. I was only pointing out that if you spoke to him 100 times in private to stop doing something, you cared at least a little bit. If you never thought of him as a friend, I guess you don't have anything to lose!

msgtpainthe SOLE REASON for doing this is to piss him off just like he does everyone else.. That's it.. He wants to be an ass in everyone elses threads, then I want to be one in all of his..

Maybe I read his posts incorrectly then because I've never been pissed off by anything he's said in any thread, regardless if I started it or not. If he wants to be an ass in everyone elses threads, let him! They will just look past it like before. The only person who seems to be having such a huge problem with it is you. And if you want to go as far as to do it, "just because he does", that's great! In no time you'll be considered an ass, just as you claim him to be. Good work!

msgtpainI know he won't learn anything from it, but at least he won't be able to just sit back and laugh at his posts while everyone lets him get away with it and says nothing at all..

Good thinking. Then he'll just get to sit back and laugh at your posts while everyone else lets him get away with it and says nothing at all..
