A "sak" resembles a "sack" more... And Hotwire is only one letter longer than "hottie" and makes you sound like less of a retard when you use it.

Tanks are easily recognized by abbreviating them.

E.g, Flame Tank becomes FTank, Stealth Tank becomes STank, not "stank" which is ghetto for "smells" otherwise used in a sentence: "BOY YOU BE STANK!"

MTank for Medium Tank, MMTank for Mammoth Tank, etc... I really doubt there's much of a need for the commonly used acronyms and abbreviations, but the weirder ones might need explanation.
