WTF? I see this post and I'm thinking "That's cool, bury the hatchet, water under the bridge, can't we all just get along, etc....", but then as I read down all I see is a bloody flamefest from a bunch of Marine Corps wannabes (Hareman excluded). Look, I can't help it you guys chose the easy road all those years ago, just as you can't help it that I joined the most elite infantry fighting force (barring some Special Forces) in the world. I'm sure if you had it to do again you would choose to be a Devil Dog, but alas, until time travel IS possible, you'll just have to be content with second best which isn't bad, really. Anyway, one more thing to say:

Universally

Supreme

Military

Combatants

We are the Few, the Proud, the Ownage!
