Ok here we go.

Firstly: I know bes and rysin thru sniping with them and they are good players. (shame they have to know you though).

Secondly: It was me that told you to go to the forums about joining EoE. (which you will never be a member of now). I was not about to get into any sort of convo whilst i was playing, and you bugged the hell out of me by paging me constantly from outside of the game just because you were kicked from it.

Thirdly: As Head of the sniping division and aow member too, i can speak for the AOW HoD and say "YOU WILL NEVER GET YOUR CHANCE TO CLAN AGAINST US"

Do us all a favour and dont play renegade, have enough n00bs in there without having to contend with you aswell.
