RetardMan451, since both of your word choice, sentence structure, AND grammar are nearly equal, it is safe to assume that you and pimp boy joe are the same. Also, it seems a bit coincidental that when I throw a personal attack at you, pimp boy joe is there to defend you.

As for hareman, I've seen what he writes. I've seen what he says on mIRC as well. He's OK in my book, because unlike you, he actually uses proof and support for his statements, unlike your ad-hominem filled attacks.
