oh no, looks like i got buddie on the defensive, you know its true dead. Was it not you who made a thread about me bullying you just because I got made a mod and you didnt? poor jealous kid. But whatever theres no point arguing about it here, I need say black cell once and all the vultures on this forum will decend. Krieg, you say everyone in buddie is better than me, then why did your clan flat up refuse to play bcnet? You say we could look at the irc channel and see your team chat, which we cant, then we offer to let you host in your laggy server, and you still refuse. Who's scared of who?
