My favorite FPS games are

- Renegade
  - Aliens vs Predator 2
  - Serious Sam 1&2 (excellent graphics and gameplay)
  - Unreal tournament (the first one)
  - Soldier of Fortune 2(played only demo, but it was still good)
  - Half Life
  - Hostile Waters (more of a simulator, but still a FPS game)
  - Aliens vs predator 1(damm, those Marine missions were hard!)
  - Doom 2
  - Duke Nukem 3D
  - Dark forces (very old, but very good Star-Wars game)
-
