Here are the rules to join the clan.

1. There will be a trial period of 3 weeks before you officially become a clan member. In the first week you will continue to use your old name , then in the following 2 you will use your TwG name. We do this so that we can get to know you , in games, and so on. If we have been playing with you alot before, then we can decide to let you into the clan faster, and that mean you not have to go throught the 3 weeks.

2. We look for people while we play, which means it could be you or anyone else who we are keeping an eye on.

3. Please do not continually ask us if you can join otherwise you wont be able to. However you Send me an e-mail letting me know that you would like to join the clan, or post it in the forum.. you find where u going to post it.. In it please include the following things.

- a. Your wol name.
- b. Your age.
- c. Gender.
- d. Why you would like to join us and why you think you would make a good member.

4. When the trial time is over you will be given the password to sign up to the clan in wol and your name will be changed to your twa one in the forum.

5. And don't sit there with a attitude like i am the best, i can beat them all and so on. it's not about to be the best, it's not about to win all games, it is about having fun.

Follow these rules if you wish to be in the clan.
