kawolsky was my worst encounter of the n00biest kind, but they were on my team in 3v3 game. e.g. at one point I told them to help me do an APC rush so guess what they did... both of them bought their own APCs!!!!!!!
Another example was when one of them kept running in range of the AGT and getting killed and when I asked him what he was doing he said he was trying to make the AGT use up all its bullets so we could all go in!!!!

Really, I think we might have been in the same game
