I cant reveal too much but I can say that we (the RenGuard team) is working as hard as possible on RenGuard to get it out.

I myself will be giving 100% for as long as it takes to get this finished.
And I expect everyone else (mac, blazer and anyone else who has stuff to do) to give 100% also.

I will be using pretty much all my spare time on this untill RenGuard is released.
