That's nice. I'm happy you enjoy my picture enough to use Photoshop in a poor manner that attempts harassment of me.

Retard.

First, I'm glad you enjoy my handywork. Second, I don't see how its "poor" use of Photoshop--Its a picture of you, with the text "No."-- I don't see how much variation you can really add to it. If anything, I did you a favor by blacking out the pig sty of a room you can see in the background.

I hear you. I have no right to post images of you that you posted yourself. Don't worry though! Your privacy will be kept! Here's the modified version (no one will have a clue as to who it is!):

Sorry for the breach of privacy from previous posts.
