Assuming the quote:

Quote:Since your groups of crackheads have managed to locked/delete/move all my threads I will make it hellish for you guys

Was actually said by Alkaline, then you HAVE broken the rules.  
And I refer to the ToS:

Quote:You agree that the webmaster, administrator and moderators of this forum have the right to remove, edit, move or close any topic at any time should they see fit.

That means that your opinions on the matter are irrelevant. The webmaster and her staff can edit, remove, and do whatever they want to your posts. And you AGREED to it.

With that in mind:

Quote:You agree not to post any abusive, obscene, vulgar, slanderous, hateful, threatening, sexually-oriented or any other material that may violate any applicable laws.

By threatening to "make it hellish" for us, you have threatened this establishment. It doesn't matter how you meant to phrase it, you said it. I don't appreciate threats, and I'm pretty sure they are illegal to make in the first place.

With that proof in mind: You are in the wrong, and you should be punished.
