All because I was stupid enough to click a goatse.cx link? A) It was a masked link, it didn't say goatse.cx B) You posted it in a public channel with 23 other people. You have to be a fucking idiot to think I wouldn't get pissed. C) You said 'it was meant for cc, scrumfy' etc etc. If you didn't want to be deprived of vlokt's work wouldn't it be smart not to post a link to goatse in a channel with at least 5 IRCOps?
