What are you talking about? We don't have any units in the mod that don't have anything to do with it.

AlkalineAprimeThought you didn't like Renegade Alert...
You thought right, but I'm commenting on the quality of the modeling and textures for this model. That has nothing to do with a the Renalert mod.

That is commenting about this mod, you comment about the units, you're commenting about the mod. (That's like saying "Reborn units suck" isn't commenting about the mod.)
