Sir PhoenixxQuote:When TD units can appear in RenAlert, why not not the other way around. That way the unit's have nothing to do with the mod.

What are you talking about? We don't have any units in the mod that don't have anything to do with it.

There will be TD units in Ren Alert, wich could also be used in other mods like a TD mod. So Renalert unit's could also belong to other mods, so people who hate Renalert can still love the units.
