Sorry, guess I was too blunt on the RenAlert forums, here you go.

Download this,

[www.drireign.net/Bigwig/gmax2w3d.dle](http://www.drireign.net/Bigwig/gmax2w3d.dle)

and put it into your \gmax\gamepacks\westwood\renx\Plugins folder. Then look at max script and it will be in the drop down menu...
