what? Ugh...

Screw all that confusing/miscommunication part.

This is the part I have a problem with:

-Marsnipe offers the serials

-I say I'll buy them from him

-your dumbass comes and starts talking shit, something that is false and you know nothing about

So next time stfu and don't bother posting. Their is a damn problem with EA and the serial deilvery system which is why everyone wants them. Look in the FDS forums idiot, see all those requests for a FDS serial? Ya they must all be stupid too right..

jackass... :rolleyes:
