Quote:Reborn ownz Renalert

Ack is a no talent ass clown, who depends on westwood to make his maps so he can add trees and neon lights.

1. Only very few of ACK's maps were started by WW.
 2. If you're gonna call someone an assclown, type it correctly.
 3. Reborn could "ownz" Renalert if it didn't suck, and they actually knew how to UVW unwrap. Oh, and they need to stop taking music from other game titles, they need to fix the walking animations, they need to make the engineer not spawn a giant tiberium penis when he dies, they need to fix the underground advantage... I could go on.
