"Alkaline"ROLF, Tefon is empty 60% of the time, LOL its not even online!
while the UN CTF alone is 23/24 at 1:25 A.M. :rolleyes:

I can start a wolspy Default Map server and it would be full 24/7.

You can say lies all you want, but when you start GSA, the truth smakes you in the face. :twisted:

Well, we see about that later when I get home since some ppl have a job and cant sit 24/7 infront
gsa as other ppl can.
