Duke of Nukes just because half of the UN approved it doesn't mean anything. I'm sure if you looked at the right place, you could find people that think it's fine to kill baby seals.

And that argument WAS used by Hitler... don't complain about him trying to brainwash you when he tells the truth.

Don't use circular logic to make a point. Bring facts, or supported opinion, but don't try to drag us around in circles to cover your ignorance, and inability to debate.
