eggmac You see, you would say that Bush is good and Saddam is evil. An Iraqi would say that Saddam is good and Bush is evil. A Chinese Man would say bot hare evil. You get the idea...

I get the idea that you are using subjective viewpoints to denounce that there is good and evil.

Look at it objectively:

Bush is trying stop a tyrant, even if it means he has to pay a price.

Saddam is trying to gain power through fear and violence. He doesn't care if 1 person or a million people have to die for it.

Those are objective facts of the situation. It doesn't matter if someone thinks Bush is good/evil or Saddam is good/evil. It doesn't change reality.
