Duke of Nukesnot everyone wants to come to America...please dont act like it. Jealousy of America doesn't make the world go round. I have met people that hate America...and I can assure you, none of them are jealous. They see us as a stuck up nation that thinks the sun revolves around them...gee...I wonder where they get that from...

Not everyone knows that they're jealous... they hate America until they need our help.

Duke of NukesWhat I meant by that isn't what you think. The message we are sending out is that if you question the government, if you dont blindly agree with us, we will bomb you and make you regret it, so you had better agree with us over every issue.

Yes, that's why we're having to disarm Saddam... because he questioned our government. And you see how the government treats people who question it... all of you who think the government isn't doing the right thing... you're on the lam, aren't ya? Because they're gonna come lock you in prison! Who have we bombed for questioning our government?

Duke of NukesAttacking Iraq isn't defending America. Many would say it's defending America's allies...which is a just thing...IF he does in fact have WOMD that he can use on them.

Uhhh... what about that he can and would sell his weapons and/or assist terrorists from other countries to attack us? You honestly think Saddam poses absolutely no threat whatsoever against us?
