DeAd3yE11xptekDon't get pissed with people when they try to help. They dont have to.

I'm not mad... But all I have been doing really is asking how to re-install it, but over and over you tell me the wrong answee but the same thing... That doesnt really help

If you do it exactly as written here:

<http://www.renegadeforums.com/viewtopic.php?t=9790>

there should be absolutely no problem at all, unless Renegade has had enough of you
